

# Precision Layout Tool

## Precision Measurements

Unique pivot hinge gives you  
a more precise measurement

## Locks in Angles

Angle lock guarantees  
consistency for repetitive  
marking

## Innovative Design

Makes your rafter layout  
fast and easy

### Building Trust since 1866

At C.H. Hanson we have a long tradition of reliability, consistency and trustworthiness. We pride ourselves on responding to the specific needs of our customer. Through job site visits with contractors we apply what we learn into our innovative products.

Our new Signature Series sets a new standard of excellence for construction products. We are convinced that these products will make your work easier and will stand up to the Hanson name.
