

Easy Flex®

47-200

Coated glove on fingers and palm with high breathability

Oil

Light Duty

A versatile and more durable alternative to cotton gloves

- The coolness and comfort of cotton - but with far superior grip.
- Makes it easier and safer to handle smooth objects like boxes or appliances.
- Coating only on fingers and palm. Protects the working area, but leaves the back of the hand free to breathe.
- Much better resistance to snags, puncture and abrasion.
- Lasts five times longer than an ordinary cotton glove.

Industries

- Automotive
- Automotive Aftermarket
- Machinery and Equipment
- Metal fabrication
- Chemical

Applications

- Assembly & inspection of components
- Adjusting parts, systems
- Engine transmission and repair
- Assembling and mounting components
- Delivery of parts to production line
- Delivery of finished equipment
- Warehousing of raw materials
