

October 17, 2013

To whom it may concern;

Ergodyne's **Arsenal® Hoist Bucket Series** products are stringently tested to numerous criteria. A summary of the criteria is listed below:

- Product is tested to a 4:1 safety factor
- Product is tested at a third party credited laboratory
- Product is proof load tested depending on the product design
  - All Buckets: Standard buckets are suspended upright for a predetermined amount of time with weights in accordance of above mentioned safety factor
  - Topped Buckets: In addition to the above, buckets are suspended upside down with top attached for a predetermined amount of time.

Appendix A lists all hoist buckets available to the date of this letter and their capacities and specifications. Please also ensure that the product that is being used is physically tagged with its capacity in the field. For questions please contact our customer service at 800-225-8238.

#### Appendix A
