

## F300, F400 and F500 Faceshield Headgear

Faceshield headgear features lightweight and heat-resistant Noryl® (the same material used in welding helmets) crown protectors and ratchet headbands. Windows sold separately. Meet ANSI Z87.1-2003 High Impact.

**F300** lightweight faceshield headgear provides general face protection for light-duty applications. Easily fits over spectacles, leaving room for air circulation to prevent fogging. Accommodates standard 8" x 11 1/2" windows.

**F400** features a deeper 4" crown protector to extend protection without increasing weight. Incorporates 8" x 17" wide-vision wraparound windows and screens which provide 40% more protective area than standard size faceshields. Fits easily over required spectacles or respirators.

**F500** includes a broader, deeper 7" crown protector to provide an extra margin of protection when harsh working conditions require it. Features the exclusive Channel Grip system that mounts wide, wraparound windows and locks them into place to form a perfect seal from dust, dirt and debris. Includes Fibre-Metal® classic 3-C, free-floating headgear.

ITEM #	ORDER #	DESCRIPTION	UOM	PRICE/UOM
F300	347686341	F300 light-duty faceshield headgear w/ 3" crown protector	Ea	18.98
◇ F400	614601731	F400 medium-duty faceshield headgear w/ 4" crown protector	Ea	23.99

## Faceshield Brackets

Protective cap-mounting mechanisms easily and safely secure Fibre-Metal® faceshields to hard hats. Constructed from Noryl® (material used in welding helmets) and offer durable protection. Model 4000 with Quick-Lok® cups is for mounting on Fibre-Metal caps equipped with Quick-Lok blocks for more permanent mounting. Model 5000 with Speedy® mounting loops provides easy on and off mounting on protective caps. Patented, adjustable loop fits Fibre-Metal caps and most competitive brands. Model 6500 faceshield bracket with 6000 blades is for use on slotted hard hats.

ITEM #	ORDER #	DESCRIPTION	UOM	PRICE/UOM
