

2-Position Ratcheting Screwdriver with LED lights

SPEED

45-tooth ratcheting mechanism with forward, reverse and lock positions to quickly tighten or loosen fasteners.

ACCESS

2 LED lights illuminate the work area, making it easier to see what you are doing.

ACCESS

4-1/2" shaft provides improved access, and magnetized tip holds the screw on the end of the bit, for easier placement of the fastener.

The GearWrench 2-Position Ratcheting Screwdriver has 2 LEDs that light up the work piece, making it easier to work in poorly lit areas. The 2-position handle allows the user to choose the position that is most comfortable and the ratcheting mechanism makes work easier and quicker.

Access

- 4-1/2" long shaft provides better access
- 2 LED lights illuminate the work area making it easier to see what you are doing
- 2-Position handle allows user to choose most comfortable position, and the best configuration to reach the fastener

Speed

- 45-tooth forward, reverse and locked position ratcheting mechanism to quickly tighten or loosen fasteners
- Stainless steel collar magnetizes bit tip to hold the fastener on, resulting in fewer dropped or lost fasteners
- Storage for 6-bits so they are quickly accessible

- Includes Bit Tips:
Philips #1, #2 and T15, T20, T25 & T27
- Batteries Included (3) 1.5V Batteries
