

KNAACK™ SECURE JOBSITE STORAGE

**WORKS HARD.
WORKS SMART.**

JOBSITE PEACE

FOR OVER 50 YEARS, KNAACK™ Secure Jobsite Storage has had the strongest work ethic around – and the smartest. Not only does every box, chest and cabinet cause tool thieves to strongly reconsider, KNAACK™ Secure Jobsite Storage also provides easier access, better organization, easy mobility, and versatility.

KNAACK SECURITY? It's a lock.

All KNAACK™ products, except the Monster Box™ Series, are designed for use with the Commercial Master Lock® No. 5 or equivalent sized lock.

- The WATCHMAN™ IV Lock System, with recessed housing, prevents bolt-cutter break-ins.
- One-time lock installation means no downtime replacing locks.
- The Commercial Master Lock® No. 5 has a hardened steel plate bottom with an hourglass keyhole opening that provides drill resistance for added security.

Note: Locks are not included.

Master Lock® is a trademark of Master Lock Company, LLC.

OF MIND

Monster Box™ Series, available in piano, chest, and cabinet styles, offers maximum security, weight capacity, and organization. These boxes can be easily transported to the highest floor with our exclusive four-point crane lift system.

See page 5 for more product information.

STORAGEMASTER™ Chests are the workhorses on any jobsite, ideal for every trade – mechanical, plumbing, HVAC, electrical, rough and finish carpentry. They're caster-ready and include full-width shelves for organization of small to large tools and supplies. Model 91 even features a drop-down ramp for loading large, heavy items.

See pages 6-7 for more product information.

JOBMASTER™ Chests, available in multiple models, are the jack-of-all tradesmen chests. They're versatile and portable – especially with accessory casters – and hold anything from hand and power tools to compressors.

See pages 8-9 for more product information.

JOBMASTER™ Cabinets are incredibly secure and configurable for any need. They act as a remote tool crib and offer “glance and grab” organization.

See pages 12-14 for more product information.

Field station serves as your jobsite office. Use it to securely store tools, supplies, documents, and more.

See page 15 for more product information.

Rolling Work Benches are secure storage on wheels. The heavy-duty top works great as a work surface and for mounting pipe threaders or vices.

See pages 16-19 for more product information.

NEW FEATURES

FOUR-WAY SKIDS

We've taken the new Four-Way Skids – already included on the new Field Station 119-01 – and included them on all STORAGEMASTER® Chests, JOBMASTER® Chests and Cabinets, KNAACK® CLASSIC Storage Chests, and the Monster Box® Series.

- Improves Mobility – Forklifts can now gain access from all sides, making it easier to move the boxes around the jobsite and in the warehouse.
- Improves Productivity – Four-way skids make casters easier and faster to attach with a bolt/nut fastener system than the previous thread cutting bolts. Casters will include fastener kits for both two-way and four-way skids. A separate bolt/nut kit (7763) for use on the four-way skids is also available.
- Improves Durability – The new four-way skids are made of 7-gauge steel, improving skid durability. And the bolt/nut combination attaches the caster even more securely to the skid.

CRANE LIFT ACCESSORY KIT

Introducing a fast and easy option for added jobsite mobility, productivity, and safety. Our Crane Lift Accessory Kit is now available for use on most* KNAACK® Jobsite Storage Equipment.

- Accessory kit includes four lift brackets, mounting hardware, and installation instructions
- Heavy-duty carbon steel construction with weather-resistant, black enamel paint
- Field Station 119-01 has pre-punched holes to accommodate lift bracket; other products require holes to be drilled
- Tested and approved only for KNAACK® jobsite boxes
- CE certified

Model: **497**
Lifting Capacity (including box): **2500 lbs.**
Product Weight: **16.6 lbs.**
Width: **8"**
Depth: **9"**
Length: **14"**

* Available for all KNAACK® products except Rolling Work Benches, Monster Box line, Models 100 and 3068

WHAT MAKES IT MONSTER BOX™?

Exclusive heavy-duty tubular steel frame, an industry first, provides structural rigidity and strength and "caps" the lid for more security.

Four-point crane lift system facilitates center-point rigging to hoist more safely than with two-point/bar lift systems providing 2500 lbs. gross weight load capacity.

Integrated recessed lock is the only UL-rated drill-resistant, weather-resistant lock in the jobsite storage category, making it virtually impervious to drilling and pry-in.

Heavy-duty hinges are extra durable and resist pry-ins.

Power Pass™ electrical pass-through grommet provides easy, weatherproof power cord access to allow battery charging when the box is closed.

Exclusive non-linear three-point latching system incorporates a recessed handle that operates the hook lock, while the other two latching points function as dead bolts.

PIANO BOX

MODEL 1000

- Gas spring guards protect springs from shifting-load damage
- Two shelves for extra storage and organization
- Interior storage grid for hanging safety gear and other items
- Two recessed handles for safer closing, even with gloves on

Capacity: **48 Cu. Ft.**
Ship Wt: **405 lbs.**

CHEST

MODEL 1010

- Deep cover design for strength and security
- Heavy-duty single cover support for easy closing

Capacity: **31 Cu. Ft.**
Ship Wt: **400 lbs.**

CABINET

MODEL 1020

- Top shelf is 10 1/2" from top of cabinet lip, second shelf measures 7 1/2" from bottom of top shelf, bottom shelf is adjustable for easy storage of bulky items
- Low center of gravity provides stability
- Open design, without center post, for maximum storage and accessibility
- Weather sealed doors for improved weather resistance

Capacity: **52 Cu. Ft.**
Ship Wt: **400 lbs.**

1. Knaack encourages the registration of product and key codes for replacement keys. Keys cannot be duplicated and will be sold only to the registered owner. Boxes can be keyed alike upon request.

CHESTS

Nothing works harder or smarter than **STORAGEMASTER™ Chests** when it comes to secure jobsite storage, durability, and ease of use. Consider these key features when you're looking for an ultra-rugged piano box.

- A WATCHMAN™ IV Lock System with 3-point latching** and recessed lock housing for the ultimate protection against pry-ins. One-time lock installation means no downtime replacing locks.
- B Power Pass™** electrical pass-through grommet for easy weatherproof power cord access.
- C Reinforced lock housing** provides unbeatable strength.
- D Heavy-duty hinges** are staked and welded to stand up to any amount of prying.

STORAGEMASTER™ Chests also feature:

- Recessed handles for positive gripping even with a gloved hand
- Baked-on powder coat finish for weather resistance and durability
- Protected gas springs to prevent damage from shifting loads
- Caster-ready 4-way skids constructed of heavy duty 7-gauge steel (see page 11 for optional casters)
- Heavy-duty 16-gauge steel construction with fully arc-welded seams

STORAGEMASTER™ CHESTS

MODEL 91

Features a built-in, 12-gauge steel ramp to make loading large, bulky items easy.
Capacity: 57.5 Cu. Ft.
Ship Wt: 409 lbs.

Accessory Caster Sets on page 11.

CHESTS

Security and durability to go. **JOBMASTER™ Chests** are tool storage solutions that are as easy to handle as they are tough. They're compact enough to be lifted and moved around the jobsite or into a work vehicle with minimal effort. Yet, **JOBMASTER™ Chests** include all the same security features as **STORAGEMASTER™ Chests**.

- A WATCHMAN™ IV Lock System with 3-point latching** and recessed lock housing for the ultimate protection against pry-ins. One-time lock installation means no downtime replacing locks.
- B Power Pass™** electrical pass-through grommet for easy weatherproof power cord access.
- C Reinforced Lock Housing** provides unbeatable strength.
- D Heavy-Duty Hinges** are staked and welded to stand up to any amount of prying.

JOBMASTER™ Chests also feature:

- Recessed handles for positive gripping even with a gloved hand
- Baked-on powder coat finish for weather resistance and durability
- Caster-ready 4-way skids constructed of heavy duty 7-gauge steel (see page 11 for optional casters)
- Heavy-duty 16-gauge steel construction with fully arc-welded seams

Ship Wt: **7 lbs.**

ACCESSORY CASTER SETS

Load ratings are for all four wheels combined. Rating includes weight of KNAACK™ product and its contents. Each caster set includes two rigid and two swivel casters with mounting bolts. Caster sets with brakes have the brake unit located on the swivel casters. KNAACK™ casters are recommended for use with KNAACK™ products. Casters include bolt kits for both 2-way and 4-way skids.

Visit www.knaack.com/replacementparts to find the correct accessories and replacement parts for your product.

CAUTION: Caster brakes are not suitable for keeping the units in place when transporting. Secure by another method. Do not use casters on rough or uneven surfaces. Do not tow caster-mounted boxes.

CABINETS

No matter how big the job, roomy **JOBMASTER™** Cabinets work. They provide at-a-glance, easy-access shelving storage for small, big, and in-between tools, equipment, and supplies. Optional accessories like casters and door shelves create custom solutions that work even harder.

- A WATCHMAN™ IV Lock System with 3-point latching** and recessed lock housing for the ultimate protection against pry-ins. One-time lock installation means no downtime replacing locks.
- B Convenient foot latch** opens the doors when you step on it, allowing hands-free operation
- C Deep door design** for maximum pry-bar resistance and better tool organization.

JOBMASTER™ Cabinets also feature:

- Recessed handles for positive gripping even with a gloved hand
- Baked-on powder coat finish for weather resistance and durability
- Caster-ready 4-way skids constructed of heavy duty 7-gauge steel (see page 11 for optional casters)
- Heavy-duty 16-gauge steel construction with fully arc-welded seams
- Optional door shelves allow for greater organization

HALF-WIDTH SHELF CABINETS

MODEL 112

- Includes: Three 2 1/2" deep drawers with 50 lb. load capacity, four 6" drawers with 75 lb. load capacity
- Powder-coated drawers roll on ball bearing slides
- Full top shelf for more storage
- Shelf spacing from top down: 13", 12 1/4", 9 1/2", 19 3/4"
- Ability to add accessory door shelves

Capacity: **54.9 Cu. Ft.**
Ship Wt: **670 lbs.**

MODEL 111

- More open space for large items
- Half-width shelves on left side only
- Top shelf is 13" from top of cabinet, second shelf is 12 1/4" from top shelf, bottom shelf is 9 1/2" from second shelf
- Ability to add accessory door shelves

Capacity: **47.5 Cu. Ft.**
Ship Wt: **385 lbs.**

FULL-WIDTH SHELF CABINETS

MODEL 139

- Full-length shelves allow you to organize longer items
- Top shelf is 14" from top of cabinet, second shelf measures 10" from bottom of top shelf
- Adjustable bottom shelf
- Ability to add accessory door shelves

Capacity: **59.4 Cu. Ft.**
Ship Wt: **445 lbs.**

MODEL 109

- Full-length shelves allow you to organize longer items
- Top shelf is 14" from top of cabinet, second shelf measures 10" from bottom of top shelf
- Adjustable bottom shelf
- Ability to add accessory door shelves

Capacity: **47.5 Cu. Ft.**

**NEW
PRODUCT**

FIELD STATION MODEL 119-01

Think of it as command central. It's first to the jobsite and last to leave and holds everything that's needed day-to-day – from tools and equipment to essential supplies, drawings, and documents. When the work day is over, the field station locks up tight as a drum for secure overnight storage.

- A NEW! WATCHMAN™ 5 Lock System** features heavy-gauge double latches and a vertically mounted recessed lock that resists drill-outs, prying, and cutting for superior tamper- and weather-resistance.
- B NEW! Heavy-duty vault-style hinges.** Bottom doors interlock with body to provide maximum pry-resistance.
- C NEW! Locking storage hatch** with power pass-through protects valuables while Field Station is open. Also locks in open position.
- D NEW! Thicker 14-gauge steel bottom** that eliminates the possibility of fork lift damage during transport.

OPTIONAL ACCESSORIES:

- 1 NEW! Heavy Duty Metal Side Shelf**
Side shelf hooks onto included accessory brackets.
Model: 492 (18" W x 5¾" D x 3" H)
- 2 NEW! Storage Bins** Short and long storage bins hang from side wall bracket or under shelves. (sets of 4)
Model: 482 (4¾" L x 3½" W x 2¾" H)
Model: 485 (10¼" L x 3⅜" W x 3¾" H)
- 3 NEW! LED Light Kit** LED light kit features bright (600 lumens) waterproof light bar, power adapter and mounting hardware, which attaches to the standard light bracket. Model: 498
- 4 NEW! Lockable Shelf Door** Lockable shelf door that doubles as a whiteboard. Includes side walls for complete security Model: 488

Door Shelf on page 14.

ROLLING WORK

Sturdy. Mobile. Secure. STORAGEMASTER™ Rolling Work Benches carry the load in more ways than one. They're not only load-rated for a half-ton, but they're efficiency centers on the jobsite, providing handy work surfaces and organized storage that go wherever work needs to be done.

- A WATCHMAN™ IV Lock System** with recessed lock housing for the ultimate protection against pry-ins. One-time lock installation means no downtime replacing locks.
- B Heavy-duty steel construction** with fully arc-welded seams.
- C Full-length staked piano hinges** resist pry-ins.
- D Baked-on powder coat finish** for weather resistance and durability.

CAUTION:

Caster brakes are not suitable for keeping the units in place when transporting. Secure by another method. Do not use casters on rough or uneven surfaces. Do not tow caster-mounted boxes.
