The Pyramex Promise

At Pyramex, our promise to our customers is to provide the best possible products, the best possible service, and most importantly, an attitude of making our customers' lives easier on a day-to-day basis. Our values challenge us toward a commitment to truth and to deliver what we promise.

There's more to see at **PyramexSafety.com**

More product images for each item

View products from several angles to get a complete picture of what the product looks like. Zoom in for closer detail.

More product information

Product features and specifications are readily available on each page without having to download a pdf file.

More videos

Many new videos will be added to our site throughout 2016, so check it out often.

Filtered navigation

Narrow your selections with the filtered toolbox and view your options in real-time.

Downloadable product flyers and specification sheets

Product flyers and spec sheets for each product are now available right from the product page.

Power search

Search by product, SKU, or feature with the all new search bar. Predictive type for product ID numbers help you quickly find what you are looking for.

On your desk or on the go

Our responsive website has been redesigned so that your mobile experience is just as good as viewing on your desktop.

More features added soon

More options will be added soon to help improve your experience with Pyramex Safety Products.

Track shipping

See where your orders are by logging in with your personalized account info.

Take us on YOUR NEXT ADVENTURE.

Lens Colors

Pyramex offers a wide variety of lens colors. The scratch resistant polycarbonate lenses provides 99% UVA/B/C protection.

-  **Clear**
General purposes for indoor applications that require impact protection.
-  **Gray**
Commonly used in outdoor applications. Offers protection from excessive glare.
-  **Yellow**
Commonly used in indoor, low light applications. Enhances contrast.
-  **Orange**
Offers high contrast and low light image resolution.
-  **Bronze | Sandstone Bronze**
Commonly used in outdoor applications. Offers contrast in low light conditions.
-  **Silver Mirror**
Gray polycarbonate lens with silver mirror coating. Commonly used in outdoor applications.
-  **Green Mirror**
Gray polycarbonate lens with a double layer of silver and green mirror coatings. Commonly used in outdoor applications.
-  **Polarized Green Mirror**
Commonly used in outdoor applications. Contains a special filter that blocks intense reflected light, reducing glare and eye fatigue.
-  **Sky Red Mirror**
Gray polycarbonate lens with a double layer of silver and red mirror coatings. Commonly used in outdoor applications.
-  **Polarized Sky Red Mirror**
Commonly used in outdoor applications. Contains a special filter that blocks intense reflected light, reducing glare and eye fatigue.
-  **Ice Blue Mirror**
Gray polycarbonate lens with a double layer of silver and blue mirror coatings. Commonly used in outdoor applications.
-  **Polarized Ice Blue Mirror**
Commonly used in outdoor applications. Contains a special filter that blocks intense reflected light, reducing glare and eye fatigue.
-  **Forest Gray | Smoke Green**
Commonly used in outdoor applications. Provides you with the least amount of color distortion.
-  **Polarized Forest Gray**
Commonly used in outdoor applications. Contains a special filter that blocks intense reflected light, reducing glare and eye fatigue.
-  **Vermilion**
Vermilion has a muting effect on green to bluish backgrounds, and therefore is common for shooting sporting clays. Enhances contrast while reducing all color equally for optimum color recognition.
-  **Pink**
Provides increased definition and contrast in low light and flat light conditions.
-  **Multi-Color Mirror**
Gray polycarbonate lens with a double layer of silver and red, blue and green mirror coatings. Commonly used in outdoor applications.

Safety Standards Key

Pyramex independently tests its products to meet the following standards, certifications, or requirements. The key below indicates the tests which each product model has passed. Testing results for specific part numbers are indicated throughout the catalog with a color corresponding bullet point (●●●●●). Please call your representative for detailed test results. All factories are ISO 9001 Certified.

Eye Protection

US standards

ANSI Z87.1 High Impact

European standards

CE EN166

Canadian certifications

Cert. Mod. - CAN/CSA Z94.3-07

Ballistic certifications

MIL-PRF 32432 High Velocity Impact Standards.

Hearing Protection

US standards

ANSI S3.19

European standards

CE EN-352:2002

Lens Treatment Key

H2X™ Lens Treatment

H2X anti-fog technology blocks out fog, mist, sweat and steam. With H2X, vision will remain optically clear in any weather element. H2X anti-fog, anti-scratch coating is bonded to the lenses, and will continue to be effective even after repeated cleanings. H2X technology is available in select models of Pyramex safety eyewear.

Polarized Lens

Eliminates glare, which distorts the true color of objects and makes them harder to be seen.

How to Order

Pyramex Safety products are available for sale through Authorized Distributors. Please contact us for a distributor near you.
